BONAPARTE 48

The Bonaparte is a 48" wide linear See-Thru fireplace that is amazingly with only 8-3/4" deep required for framing. It boasts a potent 26,000 BTU's (with a turn down to 16,000BTU's on low) and a full Deluxe system, minus the fan option. There is enough heat thrown by this unit that a fan is unnecessary. After all, we want to be able to enjoy the beautiful flame as much as possible.

A sleek fireplace that will be easy to accommodate in both new home and renovation applications. With a fireplace this narrow, it can fit almost anywhere.
