

SUMMIT 65

The Summit 65 is our new extension of our popular Pinnacle 55 linear. With an extra 10" to play, with the Summit 65 takes what everyone loves about the Pinnacle one step further. Doing so with an extraordinary flame that only bumps up the BTU's to a manageable 38,000 BTU's. Meaning you can turn the fireplace on and leave it on, amazing for a linear this size!
Plus, only 17-1/2" deep required for framing!
