

# INSERT SERIES DVI26,000 Grand & Champion

Champion

Grand

The only inserts you will find that encompass all of the most recent technology available including a full electronic package. All our inserts come standard with electronic ignition and a fully loaded operating system available to accommodate all applications; the Deluxe System. The Deluxe System boasts all the bells and whistles including a 7 day programmable remote with thermostat control & 7 stage modulating flame control.

The Deluxe System also has a 6 stage modulating fan so the homeowner can enjoy both radiant and convection heat from one fireplace ...
